High School Has 213 Enrolled for New School Year

Registration Is Increased by 26 Who Signed up Friday and Saturday

Antioch Township High school has a total enrollment of 213 students for the 1944-45 school year, T. R. Birkhead, principal, announces.

While a majority of the students were registered before the close of school year last June, 26 new registrations were received at the school Friday and Saturday. Some of these were freshmen, but a number of them were sophomores and upperclassmen who had moved into the district.

The sophomore class is the largest this year, with 75 students. The freshmen are next with 52, seniors third with 50, and juniors last with 36.

Makes "Extra" Section

Because of the unprecedentedly large sophomore class, some rearrangement of the school schedule has been necessary. Principal Birkhead states, in order to make the class up into sections of the size believed most favorable for teaching purposes.

It was found necessary to make up three sections in sophomore English instead of the two originally planned, three sections in biology, two in algebra and two in world history—in each case one section more than was first planned.

Provision for a third "home room" was also considered desirable, Birkhead states.

Regular classes at the school will start next Wednesday morning.

On Tuesday, members of the teaching staff will attend the Lake County Teachers' institute in Waukegan.

Dean Smith, formerly with the Standard Oil company, who has been attracting considerable attention of recent months as a writer and lecturer on his experiences when the Japanese invaded Burma in January, February and March; with the Chinese army, to which he was attached in April, and with the British army when it retreated in May, will be one of the speakers. In the morning he will have as his topic, "India in Relation to Ourselves." His talk in the afternoon is to deal with China.

Charles Milton Newcomb, who was the speaker at the Antioch High school's commencement exercises in June, will give a serious talk in the morning on "Tools of the Nation-Builders," and a humorous lecture in the afternoon on "The 64-Dollar Question."

The Antioch High school teachers will have a meeting of their own at the local school at 8 o'clock Tuesday evening, when plans for the coming school year will be discussed.

Football practice at Antioch High school commenced last Friday, and has been held each week day morning from 9 to 12 o'clock. Attendance at the practice sessions has averaged around 22, with many who would otherwise have been able to report early being delayed as yet by jobs or farm duties.

Morning football practice will continue until the opening session of school, Coach Kroll announces. Candidates who have looked impressive in the early workouts include Ralph Trieger, Don Gea, David Jones, G. Larson and Stuart Good.

The first game of the season will be played Friday, Sept. 15, at McHenry.

Dates of other games are as follows:

Friday, Sept. 22—Warren Township High School, Gurnee, there.

Friday, Sept. 29—Barrington, here.

Saturday, Oct. 7—Bensenville, there.

Friday, Oct. 13—Palatine, here.

Friday, Oct. 20—Northbrook, there.

Friday, Oct. 27—Grant Township High school, here. (Homecoming).

All home games will start at 3:30.

Petite Lake Highlands Association Plans Fete

"Fun for all," including games, refreshments, races and dancing, will be featured at the Labor Day carnival to be sponsored by the Petite Lake Highlands Assn. in the community house there Sunday, Sept. 3, commencing at 2 o'clock.

Most of Local Stores Will Be Open Mon. A. M.

A majority of the stores in Antioch will be open until noon on Labor Day, owners and managers stated this week, although a few will be closed on the holiday. Most of the stores will also continue their summer custom of remaining open on Sundays through this week-end.

Lemke Takes Over Full Operation of Theatre

"Bill" Lemke, who has operated the Lakes theater in partnership with William E. Nelson for the past four years, reports that he has purchased Nelson's share in the business and is now sole owner.

Lemke has had many years' theater experience, starting as an usher in Chicago and progressing to the position of manager of one of the largest theatres in Florida for the Paramount Public corporation, of which Balaban & Katz was a subsidiary.

He later passed the examination for motion picture operator in Chicago and became affiliated with the Chicago Operators' union. He owned and operated theaters in Indiana and Wisconsin before coming to Antioch in 1938.

Lemke plans considerable remodeling on the Lakes theater and improvements in equipment as soon as materials become available.

Laura A. Hatch, Well Known "Toy" Dog Breeder, Dies

Succumbs to Lingering Illness at Family Homestead on Hwy. 173

Miss Laura A. Hatch, whose prize-winning toy fox terriers for many years carried off blue ribbons from various dog shows, passed away at her home on the "old Hatch Farm" on Highway 173 near Channel Lake, Saturday afternoon at 1 o'clock after a lingering illness.

Miss Hatch, who was 44 years of age, was the daughter of the late Frank and Agnes Hatch, and was born in McHenry county Feb. 13, 1900.

She is survived by two sisters, Mrs. E. J. (Alice) McDougall, Antioch township, and Mrs. Paschal Allen (Edith) of Green Valley, Ill.

Also surviving are four nephews, one of whom is now in France, and three nieces.

Funeral services were held in the Strang chapel Tuesday afternoon at 2 o'clock, with the Rev. John DeVries of the Lake Villa Community church officiating. Burial was in Cole cemetery, Spring Grove.

Miss Hatch first became interested in the breeding of toy fox terriers as a hobby. Soon, because of the fine showing her dogs made when exhibited and the many calls received from dealers and dog fanciers all over the country, this hobby developed into a business that included "toy" dogs of other breeds besides the fox terrier, and there were often calls for more dogs than her kennels could supply.

On her visits to Antioch on business she was generally accompanied by one or two of her diminutive pets, which were the recipients of considerable attention from both children and adults.

Throughout her life, Miss Hatch was a great lover of sports and outdoor life, and was fond of animals of all kinds. She was known to a wide circle of acquaintances as a kind and faithful friend.

Although her health had been failing for almost three years, she was cheerful and faced death with courage. Even to the last, she refused to let illness confine her to her bed, and only the day before her death had made a trip to Kenosha in company with Mrs. Allen.

The possessor of a keen mind and a fine sense of humor, she took an alert interest in life. Her early education was received at English Prairie school. She later attended Richmond High school for a time, afterward transferring to Antioch Township High school, from which she was graduated in 1918. She attended Rockford college the following year.

Gasoline Thieves Break Lock to Turn on Pumps

Thieves who broke the lock on the front door to get in and turn on the electric power for operating the pumps were estimated by Philip Fortin to have taken from 50 to 60 gallons of gasoline from the filling station he operates at the intersection of Routes 59 and 173, sometime early Sunday morning.

The loss was discovered by Fortin when he arrived at the station to open it for the day, around 9 a. m.

Fortin took over the management of the station about four weeks ago when Lester Osmond, Jr., who had previously managed it, left to enter the armed service.

National War Fund Will Need More Aid

With Allied armies making swift progress on all battlefronts and liberating thousands of towns and villages, the need for help by the organizations in the National War fund will increase many-fold, according to Stuart Cochran, chairman of the National War Fund campaign in Lake, Cook and Du Page counties.

Organizations receiving aid from the War Fund include the U. S. O. camp shows and war relief organizations.

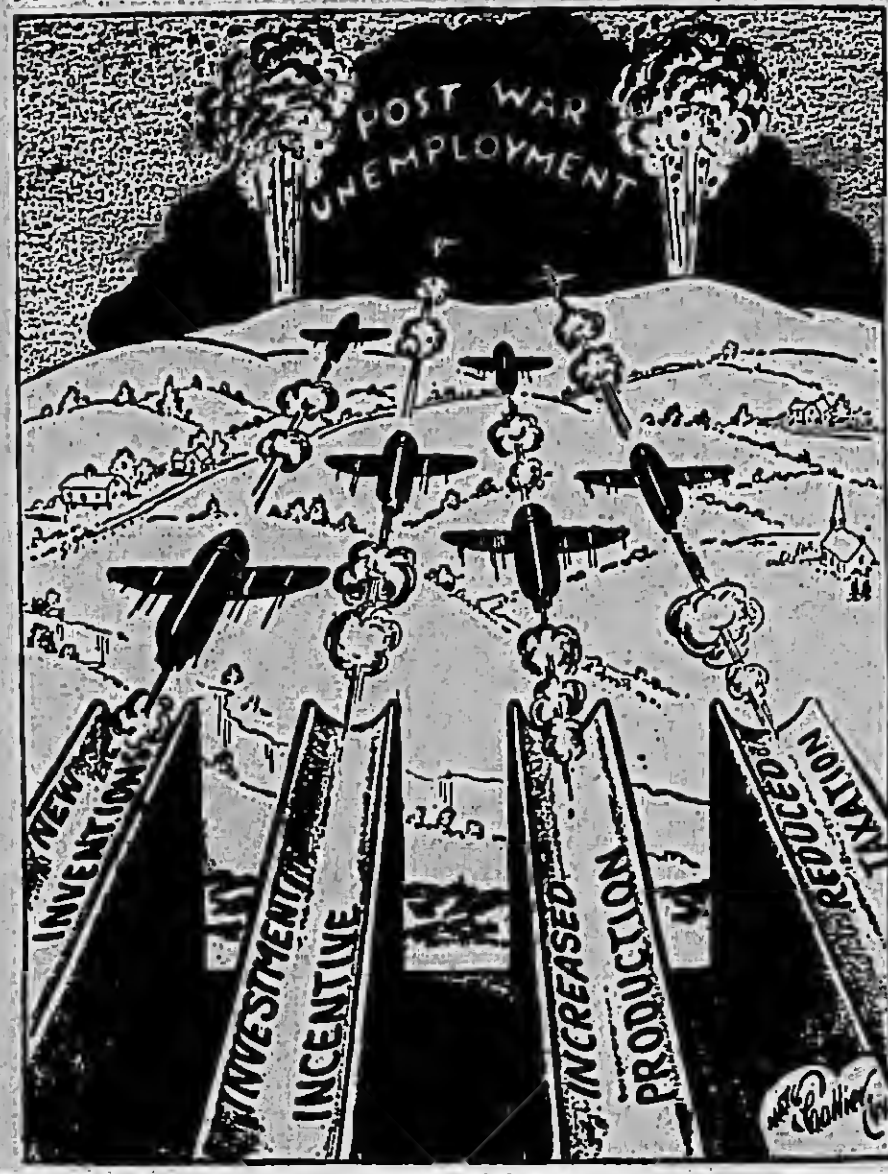

The war relief work includes aid to refugees in various areas, as well as to the population in liberated regions.

Al Pagels to Celebrate Their Silver Wedding

Mr. and Mrs. Al Pagels, Grass Lake road, plan to hold open house at their place Sunday, Sept. 10, in celebration of their twenty-fifth wedding anniversary. The Pagels took over the management of the grocery and tavern formerly operated by Fred Wohlfeil early this summer.

Lions Continue Plans for "Lakes Day" September 14

Plans for "Chain of Lakes Day," at which state legislators and officials connected with conservation and waterway committees will be guests of the Antioch Lions club Thursday, Sept. 14, were continued at a meeting of the club Monday evening in Sorenson's resort, Channel Lake.

Invitations for the event were sent out today, Irving Carey, secretary, states.

The club will hold its annual fall golf tournament for members Monday, Sept. 25, at the Chain of Lakes golf course, with a dinner in the clubhouse in the evening.

Twenty-five were present to enjoy the roast beef dinner served Monday evening.

Fire Prevention Week Observance Is Planned Here

Antioch Will Join with State in Campaign October 8 to 14

Antioch will participate in the observance of Fire Prevention Week, Oct. 8 to 14. Fire Chief L. R. Van Patten, states.

This week will be observed throughout Illinois, in response to a call from Gov. Dwight H. Green to the citizens of the state to join in a thorough campaign of fire prevention.

As in former years, the local observance will include inspections of business properties and public buildings, by members of the fire department; a campaign on the part of residents to clean cellars and attics of rubbish that would constitute a fire hazard; and appropriate observances in the schools.

Fire losses in downstate Illinois during the fiscal year ending June 30, 1944, were \$9,954,287, according to reports to the State Fire Marshal, Gov. Green said in his proclamation. "This is approximately 30 per cent below the losses of the preceding year and the lowest since the fiscal year 1940-41."

"Losses throughout the nation during the year were steadily on the increase."

"Illinois had 782 fewer fires, or about five per cent less than in the preceding year. The total number, including those in Chicago, was 14,858. Our records show that 271 lives were lost through fire last year, while many other individuals suffered injuries."

"As a part of the observance of this week, every community in our state should be organized to make an adequate fire prevention effort. Fire authorities should inspect important properties. Owners and occupants should be encouraged to make their own inspection of all classes of property, including homes."

Mr. and Mrs. Earl Somerville left Tuesday for their home in Kankakee after spending the past several days with Mrs. Mollie Somerville. All three returned Wednesday of last week from Martinsville, Ind., health resort, where they spent the preceding two weeks.

Antioch Is Second Highest in County War Loan Drive

Final Report Shows Total Purchases of \$231,455, 260% of Quota

Antioch, with a credited total of \$231,455.25 in war bond and war savings stamp purchases—260 per cent of its set quota of \$89,600—was second among the areas that led Lake county in the Fifth War Loan drive, according to a tabulation of the final reports received by Township Chairman Otto S. Klass from James F. Siles, Jr., chairman of the Lake County War Finance committee.

The Fremont-Mundelein-Diamond Lake area over-subscribed its quota 262 per cent; Lake Bluff, 245 per cent; Warren township, 237; Newport township, 235; Wauconda, 228.

Lake Villa reported total purchases of \$85,483.25, 146 per cent of its quota; Grant township \$51,768.75, 96 per cent.

The grand total for the county was \$1,971,779, 208 per cent of the quota. Siles also congratulated Chairman Klass on Antioch's showing, saying—

"I want to take this opportunity of expressing to you my sincere appreciation of your efforts in the Fifth War loan, and at the same time assure you that because I felt that I could count on your cooperation I have agreed to continue to cooperate with the Treasury department for the Sixth War loan which will start Nov. 11."

Squirrel Hunting Will Open in Illinois Friday

Village Clerk Roy L. Murrie announces that he has a supply of 1944 hunting licenses available at the Murrie Standard Service station, Park and Main streets.

The squirrel hunting season will open Sept. 1 and continue through Nov. 15.

The season for cock pheasants, quail and rabbits will all open Nov. 11. The pheasant season will close Nov. 20, the quail season Dec. 11 and the rabbit season Jan. 31.

Some fine catches of bass have been reported during the past week, Murrie states. The season for bass, crappie, sunfish, bluegill, yellow perch, sheepshead, bullhead, catfish, carp and buffalo fish is open all the year around.

The season for trout, except lake trout, is from April 1 through Sept. 30.

Lake Villa Auto Owners Warned to Buy Licenses

Village Clerk C. W. Reinebach of Lake Villa issues a warning to residents of that community to secure their 1944 village vehicle licenses.

"There are a number of automobile owners in the village who have not as yet purchased their municipal licenses," he states. "If you have not as yet purchased your license, do so at once in order to avoid the possible payment of a penalty."

Clerk Reinebach also states that the 1944 hunting licenses are now available.

Mr. and Mrs. Arland Clark, Kenosha, spent the week-end with relatives and friends here.

Lively Labor Day Expected in Lakes Area

Many Special Parties and Picnics Are Planned for Week-end

Labor Day week-end, which traditionally marked the close of the official "summer season," promises to be a lively time for Antioch and the surrounding territory.

Many of the subdivision associations are planning to sponsor picnics and festivals this week-end; several resorts have announced special parties, and all are arranging to accommodate record crowds.

Felter's association will hold its annual picnic in South park on Addison lane and Route 173 on Saturday and Sunday.

At Lake Villa, the volunteer fire department is sponsoring its annual "Lake Villa Days" carnival Friday, Saturday, Sunday and Monday.

Mr. and Mrs. Ed Knickelbein of Herman's resort on Bluff lake are inviting their friends to attend the Fourteenth Annual Mask ball, to be held there Sunday commencing at 8 p.m.

There are indications this year that the end of the vacation season will be "not-so-official." The Antioch News has already received inquiries from Chicagoans as to the feasibility of September vacations in this area.

Then, too, the opening of the pheasant and duck hunting seasons each year brings a renewed flurry of interest in the Indian summer recreation possibilities of the area.

The increased interest in the Antioch-Wilmot area of late years as a winter sports center, together with ice-fishing and the spring fishing season, helps to make up a year-around calendar of events that has tended to keep a number of the resorts open throughout the year and to encourage the visits of many who prefer to take their vacations at other times, rather than during the summer, or who are obliged by circumstances to take them later in the year.

Former Filling Station Resuming Service Sept. 2

The former Shell service station at the corner of Highways 21 and 173, which for the past nine or ten months was occupied by the Bernard Bros.' farm implement company, is to be reopened as a service station Saturday, Sept. 2.

The new proprietors, Bruno Manzardo and Edward Gresen, plan to maintain an overhaul and repair service in addition to the sale of gas and oil.

They plan to call the station "The Antioch Servicenter."

Manzardo, a graduate of what is reported to be one of the highest-ranking schools of specialized mechanical training in the country, served the Armour Research foundation in experimental work and has been a filling station operator and an automobile service and sales representative. He has also served as foreman in a plant manufacturing armored vehicles powered by automotive and aircraft engines.

Gresen, who was an instructor in machine design in a Chicago technical school in the early 1920's, later taught in the automotive division of Armour Technical institute and became interested in establishing his own shops, having a chain of three in Chicago giving services and repairs on all makes of cars. He also built batteries for the wholesale trade and operated a tire vulcanizing plant.

At the outset of the war he returned to designing, for armored vehicles. Manzardo and Gresen announced that in addition to other types of engines, they will be prepared to service gasoline motors, motor bikes, in-board motors, and so on.

Before the station was taken over by the Bernards, it was operated for several years by L. E. Murrie, now at the Standard station at Main and Park streets.

Errant Pony Roves from Loon Lake to Lake Marie

A chestnut pony owned by the Carl Helgeson family of Loon Lake went AWOL Friday and rambled as far as Lake Marie, several miles away, before being recaptured and returned.

The loss was reported to the Lake county sheriff's office when a search of the Loon Lake community failed to reveal the delinquent.

His subsequent recapture at Lake Marie was later also reported to the sheriff's office by residents there, and the good news was relayed to the Helgesons.

Visions and the Legion

Our fighters in the front lines and the fox-holes are fired by no such futile fanaticism as characterizes the Japs and the Nazis. Our men have a job to do—they're doing it because they want to finish it off and get home.

Neither emperor worship nor hero worship appears in their dreams of glory; they dream, in moments between pulverizing the enemy, of the jobs they'll come home to, the families they have or will have, and most often of the little shop or business they will start for themselves and be their "own boss."

Perhaps no one knows all this better than the men of the American Legion, for they once were soldiers themselves and now are the dads of the lads in the ranks. Thus the postwar program just announced by a Legion commission commands, as it should, the attention of all who sincerely have at heart the welfare not alone of the returning servicemen but also of the country they went forth to defend.

The Legion advocates "employment fostered by a system of free enterprise embodying the greatest encouragement to individual initiative and to every sort of sound business leadership, along with an effective implementation of a national program of fair and impartial treatment for both management and labor."

Of unquestioned patriotism, from a background both military and parental, and with a quarter-century of experience behind it, the Legion speaks—and makes sense!

Farmers and the Future

"Praise for farmers and the roles they are playing in the nation's production effort, comes from many directions these days. Real appreciation of the services farmers render, has recently reached the highest peak in the nation's history. Industry and labor join in applauding the farm production record. There are countless articles in newspapers and magazines. Business organizations that are especially allied with agriculture make the farmer and the farm subject of highly complimentary advertisements."

"While farmers everywhere are deeply and sincerely grateful for this recognition of their services to the nation during these war years, their greatest recompense is the knowledge that they are doing their best and doing their part to win the war. They have been able to do this largely because of their cooperatives and farm organizations. For the first time agriculture has worked pretty much as a unit all along the line."—The Dairyman's League News.

The story is told that an Italian prisoner of war working on a peanut farm in the South recently told the owner that Mussolini had told the Italians that they would soon be marching across the plains of the United States. "What he didn't tell us," the prisoner said, "was that we'd have to pick up peanuts on the way."—Tyler (Texas) Journal.

"Hats altered to fit any promotion."—Sign in an Army officers' tailor shop.

"I heard darned little singing. This army of our is a homesick army."—Songwriter Irving Berlin, returned from overseas.

"Jobs which exist solely to keep people from being idle, carry with them the seeds of their own destruction."—Paul G. Hoffman, pres., Studebaker Corp.

"For nearly half a million active corporations, most of the excess profits have been effectively scooped up by taxes poured into the Federal Treasury."—Robert M. Gaylord, pres., National Association of Manufacturers.

"The most powerful thing in the world is truth."—Ralph McGill, editor, The Atlantic Constitution.

"There is every expectation that the competitive system will show, as do other human institutions, progressive improvement."—George Ericson, in Christian Monitor.

Quotes of the Week

"My only regret is that I have but one life to give for my country—which if I had two I'd feel safer."—Corp. Charley Brinn, of Plymouth, N. C., fighting in Italy.

"It takes investors to create corporations, and it takes corporations to create the jobs which will be very important in the years ahead."—Ralph Henderson, financial editor.

"A free enterprise system, operating for profit, produces more and better goods for more people and at a lower cost than can be achieved under any other system on earth."—Robert Gaylord, Rockford, Ill., pres. Natl. Assn. of Manufacturers.

"Courage is will-power to overcome your fears."—A Company Commander of the First Division.

"Come in for a wing and a prayer."—Texas church notice for a chicken dinner.

"One reason I was so welcomed at headquarters, I think, was because I followed right behind the 300,000th U. S. truck that had just arrived."—Maj. Gen. John R. Deane, chief of the U. S. military mission to Moscow.

"This is going too far, now they're dehydrating women."—G. L. viewing mummy in Cairo after months of dehydrated foods.

The Observer

An interesting article on Wilmot, Wis., and the Antioch-Lake Villa region appears in the Midsummer number of the Fox Valley Mirror, published at Carpentersville, Ill., by Leonard Fowler.

Written by Richard B. Swenson, editor and publisher of the Herald, Monmouth, Ore., who at one time was publisher of the Wilmot Agitator, the article is entitled, "The Wisconsin Central Railroad Built to Lake Villa and—Wilmot perished," with a sub-title: "Farmers selling their grain—and sheep bells to a wool warehouse—are gone forever."

Editor Swenson's sketch paints a lively picture of Wilmot as it was in the days when it was a thriving commercial town rather than a charming summer resort town and winter skiing center.

The Antioch Methodist church is blossoming out in a new coat of paint this week.

The village streets present a busy scene of a week-end evening—to say nothing of Saturdays, when you can't see the crowds on account of so many people being in the way.

We sat down at the console of the mighty Mergenthaler and linotyped a couple lines earlier in the week. People (out in the back room) laughed when we sat down, and as far as we know, they're still laughing. The net result on our part, we guess, was an increased respect for the mechanical side of newspaper production.

Mrs. N. A. Harrison, Portland, Ore., forwards the following poem, which was printed in a newspaper there, in the belief that Antioch News readers will enjoy it:

Three monkeys sat in a coconut tree, Discussing things as they're said to be:

Said one to the other, "Listen, you two, There's a certain rumor that can't be true— That man descended from our noble race— The very idea is a disgrace; No monkey ever deserted his wife, Starved her babies and ruined her life;

And you have never known a mother monk To leave her babies with another to bunk; Or pass them on from one to another. Until they scarcely knew who was their mother. And another thing you will never see — A monk build a fence around a coconut tree. And let the coconuts go to waste. Forbidding all other monks a taste. Why, if I put a fence around the tree, Starvation would force you to steal from me. There is another thing a monk won't do — Go out nights and get on a stew,

Or use a gun or club or knife, To take some other monkey's life. —Yes, man descended, the orneriness, But, brother, he didn't descend from us." (Author unknown)

Save Hot Water and Soap
When washing neckwear or other small items, save on hot water and soap by using a quart-sized mason jar. Fill the jar with sudsy water, immerse the neckwear, screw on the top, and agitate by shaking the jar. If these little things are laundered in a tub or bowl, the tendency is to squander both hot water and soap, two necessities which represent fuel and valuable materials used for war purposes.

Remember the Apple Days?

Remember those grim days
during the Great Depression when men who
couldn't find work stood on street corners
selling apples?

Many of those apple peddlers
had been prosperous... had had good jobs.
They'd been making extra money... just as
you are today. But the trouble
was, they thought things would
always be like that.

Are you making that mistake today?
Or are you saving your extra money so that no
matter what happens after the war you will
have some money you
can get your hands on?

The best way to make sure that you will never
be a street-corner peddler is
to put your extra money into
War Bonds.

War Bonds are the best investment in the world. Every \$3 you put into
them today will pay you back \$4 ten years from
now. And... best of all...
you can never be broke while
you've got a sheaf of War
Bonds in your pocket!

So buy War Bonds... and more War Bonds.
And hang on to them!

SOCIETY EVENTS

A. D. ROBINSONS ATTEND TRIPLE CELEBRATION SUN.

Mr. and Mrs. A. D. Robinson, Indian point, spent the week-end at the home of their son, Raymond J. Robinson, 1049 Keystone avenue, Chicago, where a triple anniversary celebration was held.

The anniversaries included Raymond's fifty-first birthday anniversary, his twenty-fifth wedding anniversary, and the twenty-first birthday anniversary of his son, Warren C. Robinson, SM 2/c, who was home on furlough after two years' service with the navy in the South Pacific.

Fifty were present to enjoy the supper served in honor of the occasion.

Mr. and Mrs. Robinson are proud of their grandsons in the service. In addition to Warren, they include Cpl. Robert Hemman, Ft. Monmouth, N. J., and S/Sgt. Frank Strugalski, now in New Guinea.

Their son Raymond is a past commander of Melton Homer Post No. 728, Chicago.

EVELYN KALAL'S ENGAGEMENT IS ANNOUNCED HERE

The engagement of their niece, Miss Evelyn Kalal of Berwyn, Ill., to Lt. Norman Palmer of the navy was announced by Mr. and Mrs. Joseph Patrovsky at a 6 o'clock dinner in their home Sunday evening.

Miss Kalal is the daughter of Mr. and Mrs. William Kalal of Berwyn, Ill. Palmer, whose home is in Maine, is at present stationed in San Diego, Calif.

Those present at the dinner included Dr. and Mrs. Louis Sibal, Mr. and Mrs. Kalal, Mr. and Mrs. Frank Karsouse, all of Berwyn, and Mr. and Mrs. George Burns of Oak Park, Ill.

HOME BUREAU UNIT HOLDS PICNIC OUTING

Instead of the usual type of meeting, Antioch unit of the Lake County Home Bureau held a pot-luck picnic at Fox River park on Wednesday, August 23. There was no business discussed at this meeting, and all went in for a real old-fashioned picnic. There were innumerable good things in the way of food and cool and hot drinks, and of course, a "wienie roast." The next meeting will be held at the home of Mrs. R. R. Dewes, on Sept. 27.

"Green Thumb Contest" Prizes Are Announced

Mrs. Eleanor Stewart, Victory Garden chairman, Lake County War council, has announced the county prizes of the Green Thumb contest. The Lake County Board of Supervisors has approved the expenditures for three prizes—a \$50 war bond for adults; a \$25 war bond for high school age contestants; and a \$25 war bond for elementary school age contestants. The check covering the prizes has been turned over to Paul C. Kilkelly, chairman of the county war council, to be held until the final judging.

Lake county winners will be eligible to compete for the state prizes which are a \$500 war bond for the adult division, a set of Encyclopaedia Britannica for the high school age division and a set of the Junior Encyclopaedia Britannica for the elementary division.

Record books may be secured from the local Victory Garden chairman or the Lake County War council, room 101, County building, Waukegan.

EMIL RISCHES ARE HONORED ON ANNIVERSARY

Mr. and Mrs. Emil Risch's thirtieth wedding anniversary was the incentive for a surprise party held in their honor Sunday at their home. The event also honored Mr. Risch's birthday anniversary.

A pot luck dinner was enjoyed at noon by the gathering, which included Mr. and Mrs. Arland Clark, Kenosha; Mr. and Mrs. Fred Bowers, Zion; Mrs. Flora Horton, Chetek; Mr. and Mrs. Barney Nevelier and Miss Jennie Nevelier; Mr. and Mrs. Arthur Laursen and daughter, Mrs. John Blackman; Mr. and Mrs. Earl Horton and daughter Eleanor; Mrs. Murry Horton, Mrs. Belle Fox and Robert Bolton.

MILLBURN

Mrs. L. H. Messersmith and her Sunday School class of boys and girls enjoyed a wiener roast and party at the home of Norma Welch Monday evening.

The regular business meeting of the E. society will be held at the home of Lyle and Beryl Bonner Friday evening.

Rev. and Mrs. Messersmith returned home Thursday evening after three weeks' visit with relatives in Farnam, Neb.

Mrs. Rex Fleming and daughter, Betty, spent several days with the former's brother, H.M. Clark and family. Harold Bonner spent several days with friends in East Lansing, Mich. Mr. and Mrs. E. A. Martin and son, Chad, were Sunday dinner guests at the F. B. Kennedy home in Waukegan, and supper guests at the Messersmith home Sunday evening. Richard left Monday morning for service in the Navy, having enlisted several weeks ago.

Millburn group of Red Cross workers completed their quota of 2500 surgical dressings Aug. 25 and a large group is urged to attend regularly now to start a new quota of

larger dressings. Meetings are held every Wednesday afternoon from 1 to 4, and the first and third Thursday evenings from 8 to 10.

Mrs. Frazier Hollenbeck and daughter, Shirley Mae and son, Frazier, Jr., left Monday evening for their home in Rutherford, New Jersey, after a month's visit with the O. L. Hollenbecks and other relatives in Lake County.

The Ladies' Aid society will meet at the church Thursday afternoon, Sept. 1, with a business meeting at 3:30 o'clock. Cafeteria supper will be served by Mrs. Minnetta Bonner, Miss Vivien Bonner, Mrs. Ralph Miller, Mrs. Oscar Neahous, Mrs. Will Jones, Mrs. Lloyd Atwell and Mrs. Chris DeYoung.

Mr. and Mrs. O. L. Hollenbeck have received the announcement of the birth of a granddaughter, Judith Ann, born to Mr. and Mrs. Harmon Hollenbeck of Minneapolis, Minn., on Aug. 18.

Mrs. O. L. Hollenbeck entertained a group of girls Friday evening in honor of her granddaughter, Shirley Mae Hollenbeck.

News of the Boys

"I thought you might want to know what's been happening to the Thill boys," writes Mrs. Bernice C. Thill, San Diego, Calif.

"On July 14, I received word that Richard was reported missing in action since June 30, 'somewhere in Austria'."

"A later notice said it was in Hungary, not Austria."

"We are all hoping that he is well and that we will get word soon from him or about him."

"His brother William is at Scott Field, Ill., and Roger is taking bombardier's navigator's and advanced pre-flight training at Santa Ana, Calif."

"He spends his weekends here with his wife, Eleanor, also of Antioch, and me."

"Roger and Richard graduated from Antioch High school."

From Mrs. Oscar Hagen comes a request that the following poem, dedicated to her son, Cpl. Marilyn ("Pudge") Hagen, by T/4 R. A. Adams, be published:

The early evening here in camp is peaceful and still,
As I watch the sun across the meadow
Fall behind the distant hill.

When my soldier day is finished,
I often sit here all alone
And let my thoughts go wandering,
And they always bring me home.

I suppose my mother wonders
About her boy who's over here,
But she knows that God is with me,
So she hasn't any fear.

Things at home go on the same, while
We do our bit so far away,
But the home folks are thinking of us,

THE OLD JUDGE SAYS...

"The more I read about it, Judge, the more I realize the tactics and requirements of this war are as different from the one I fought in 25 years ago as night is from day."

"Yes, and I can give you an example of how true that is, Fred. In World War I the chief uses of alcohol produced for war purposes were found in smokeless powder, medical supplies and chemical warfare materials. In this war the need for this product is far more vital because it is also used as a fuel to propel torpedoes, to make shatterproof glass

for airplane windshields and instrument covers, to make lacquers used in camouflaging equipment and as a base for synthetic rubber, needed for tires, gas masks, paratroop equipment and dozens of other things.

"Every time I think of it, Fred, I realize how fortunate we were in having a beverage distilling industry in existence when war broke out... ready and eager to convert 100% to the production of this critically needed war product. I'm mighty sure bootleggers wouldn't have been of much help."

"1300 telephones—for one war plant!"

★ PUT WASTE-PAPER TO WAR WORK! THE NEED IS VITAL

THAT was Illinois Bell's biggest rush order. A vital war job—putting in a complete telephone system for the world's largest airplane engine plant.

The construction and equipment of such a plant is an essential step toward American Victory. In all cases, your telephone company has been able to install the telephones needed in the war effort. This is one of the reasons

why we have not been able to meet all civilian requests for telephones.

However, if your name is one of those on our waiting list, please be sure we will care for your needs at the earliest possible moment.

Fortunately, under these trying conditions, there are more than a million customers for whom service has been going on about as usual.

SAVE TIME with a McCormick-Deering Milker

America's 310,000 milking machine owners last year reported savings in time of 2 1/2 hours a day—more than enough to plow, plant, cultivate and pick mechanically 100 acres of corn. —Bureau of Agricultural Economics, U.S. D.A.

The saving in time reported above is one of the key reasons why America's milk production is holding its own so well in spite of farm help shortages.

If you are the fortunate owner of a McCormick-Deering Milker, we urge

you to take the best possible care of it. When new parts are needed, insist on getting Genuine IHC Parts. Make our store your IHC Parts headquarters. If you need a new milker, ask us about the availability of new machines.

New Machines are now available—no priority needed.
